

# MSSC Technical Area Seclusion Zone

MSSC committee agreed to a new policy at its meeting on the 13.05.13 outlining that;

- Supporters/spectators are to remain approx 5 metres or a discernible distance either side of the coach box/technical area on home and away games.

Reasoning: Committee agreed there are too many people around the box making unrestrained remarks that could be thought to be from the coach box, leaving the club open to disciplinary actions. Marshals need to uphold this policy.
